

IDEA State Advisory Panels *and* Interagency Coordinating Councils

Online National Webinar

Save the Date!

May 11, 2016

3:00-4:00 Eastern Time

Two Critical Topics

1 Addressing Significant Disproportionality in Special Education, using Stakeholders, including State Advisory Panels.

The nation's special education law, the *Individuals with Disabilities Education Act (IDEA)* aims to ensure fairness in the identification, placement, and discipline of students with disabilities. Yet disparities persist. Students of color remain more likely to be identified as having a disability and face harsher discipline than their white classmates. The U.S. Department of Education took a critical step towards addressing these widespread disparities in the treatment of students of color with disabilities by issuing a Notice of Proposed Rulemaking (NPRM). This webinar will address how stakeholders, including State Advisory Panels will be involved in the process. *A relevant topic for ICC members as young children in early intervention transitions to Part B services.*
